*Best staff Ever! Everyone who works at this location is so kind and helpful. It makes my day shine every time I walk inside. Honestly I don't know what I would do without this wonderful library to go to this winter with my 2 toddlers and or alone. It has been our main resource for Peaceful calm days, Fun, Community, happiness and awesome bedtime story reads. Thank you for being the best library.*

*I needed free wifi access to sort some banking issues while travelling through Pemberton/Canada. I'm immensely grateful to have had access to the public library and wifi. The staff were very friendly and welcoming and clearly love working there. The library is a fantastic resource and I can only urge the local authorities and residents to support and look after it.*

*I love this place~ staff is very helpful and friendly!! 😊*
